Objective

Dedicated and detail-oriented Front End Developer with a passion for creating seamless user experiences. Proven expertise in designing and implementing responsive web applications. Excels in collaborating with cross-functional teams to drive project success.

Experience

Axel Gaming / Front End Web App Developer

March 2023 - PRESENT, REMOTE

- Spearheaded the design and implementation of a fully functional Gaming Store Web App using Next JS 13 with Typescript.
- Utilized Figma for comprehensive UI/UX design, translating designs into code for a seamless user experience.
- Developed an Admin Dashboard for efficient management of the gaming platform.

Aay Works / Front End Developer

January 2022 - December 2022, JAIPUR

- Contributed to the development of an Advanced Admin Dashboard using React JS.
- Responsible for API integration and full CRUD operations.
- Designed UI from scratch, playing a key role in three major projects centered around Admin Dashboards.

TieJet / Graphic Designer and Static Website Designer

January 2020 - October 2021, REMOTE

- Executed part-time responsibilities as a WordPress Website Designer, Content Creator, Graphics Designer, and SEO specialist.
- Worked on Astra Pro Theme, creating custom layouts using Elementor, and implementing WooCommerce
- Crafted mock-up boxes, posters, and other graphics using Adobe Photoshop.
