Carrier Brake/ MERN Stack and Next Js

January 2023 - PRESENT

I Learn the **MERN Stack** and Work with my friend on our Startup Idea.

Aay Works/ Front End Web App Developer

January 2022 - October2022, Jaipur

Here I Worked on the **Advanced Admin Dashboard** using React JS.

Roles & Responsibilities :

Work on API Integration and do the full **CRUD Operation**.

Design the **Full UI from the Scratch**.

I Worked here on 3 Projects mainly my work is here on Admin Dashboard.

TieJet/ Part Time Job

January 2020 - December2021, Germany

Here I do a Part Time Job.

Roles & Responsibilities :

I did Part Time Job as a WordPress Website Designer, Content

Creator, Graphics Designer, and SEO

I Worked on Astra Pro WordPress Theme and I design the Custom Layout

Website Using Elementor, and WooCommerce for E-commerce.

I Designed Moke-up Box, Posters, and other graphics work using Adobe

Photoshop. I Write SEO Articles using Yoast SEO and WordAi Tools.

Skills

MERN Stack

I can easily build Restful APIs using Express Js. and I have a great knowledge of Libraries and packages.

What I already done using MERN Stack :-

1. Payment integration
2. CRUD Operation
3. MicroService Server
4. Cloudinary Integration
5. Node Mail
6. CORS
7. JWT and Cookie both

Front End is my Strong Part

I have 1.5 years of Experience in the Front End. So I can do almost Anything in the Front End. I am good at React JS and Next JS.

I already worked on lots of Libraries Like **Redux, Redux ToolKit,** React Router Dom, Material UI, Chakra UI, Apex Charts, React Chart, React PDF. Axios ,React Query , Formik, etc

Projects

My Recent Full Stack Projects:-

1. **Traevy** I created this using Next JS and Typescript.
2. **Bachelors Web** I created this using MERN Stack and this is also a PWA. I also do the Payment Integration here.
3. **Yummy Bites** MERN Stack Food Website. I use Mui for FrontEnd.
4. **React Todo App** MERN Stack Todo App. I use Mui for Front End.

My other Projects and Source Code is Available on My Github Profile.

Education

BCA from CCS University

I completed my BCA at my home town college. I Score Average 75% but I have a good theory and practical knowledge of all my Subjects. Including DSA with C++
